Post Hole Digger

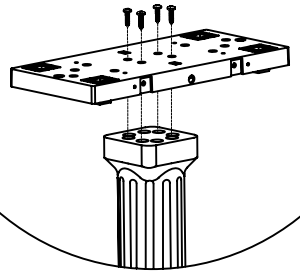
Use of Concrete recommended in areas with loose soil

Level

Customers are required to contact the local post office before installing the mailbox to ensure its correct placement and height at the street. Generally, mailboxes are installed at a height of 41-45 in. from the road surface to the inside floor of the mailbox or the point of mail entry (locked designs) and are set back 6-8 in. from the front face of the curb or the road edge to the mailbox door.

Step #1

Attach the Mounting Board to the Top Post using (4) Screw B.



Parts

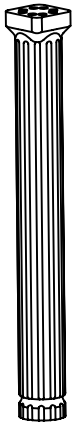
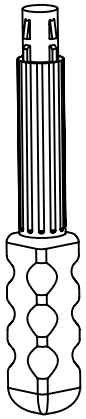
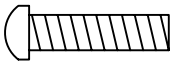
Mounting Board



Top Post



Bottom Post



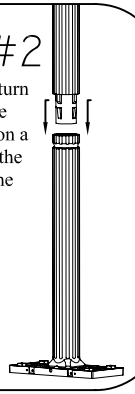
(4) Screw A (Actual Size)

(6) Screw B (Actual Size)

(4) Hex Nut

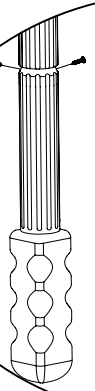
Step #2

For more stability turn the Top Post upside down and place it on a flat surface. Insert the Bottom Post into the Top Post.



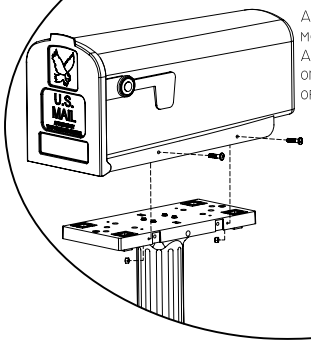
Step #3

Secure the Top Post and the Bottom Post by attaching them to each other using (2) Screw B.



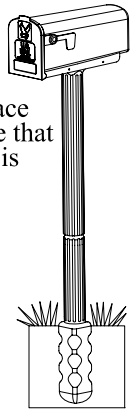
Step #4

Attach the mailbox to the mounting board using (4) Screw A and (4) Hex Nut. (2 screws on both the left and right side of the mailbox.)



Step #5

Dig a hole measuring 12" deep and 7" in diameter. Place the mailbox-post assembly in the hole. Replace and pack down the dirt around the post making sure that the assembly remains level. Note: Use of concrete is recommended when installing the mailbox-post assembly in an area with loose soil.



90 DAY LIMITED WARRANTY

The manufacturer warrants this product against defects in materials and workmanship.

Gibraltar Mailboxes warrants to the original consumer purchaser of this mailbox product for 90 days on which it is originally purchased that it is sold free of latent defects in materials, parts and workmanship. This warranty is limited to repair or replacement of the defective mailbox product. At the discretion of Gibraltar Mailboxes, defective products must be returned freight prepaid to Gibraltar Mailboxes' factory, The Solar Group. If the unit is determined to be defective, it will be repaired or replaced free of charge at Gibraltar Mailboxes' option. Please contact customer service first before mailing the product. This warranty does not include repair or replacement due to defects caused by abuse, misuse, fire, vandalism, substandard or nonconforming installation, contact with brick mortar or destructive weather conditions (includes salt air, road salt or other corrosive materials). This warranty does not cover the labor or any other cost of removal, reinstallation or replacement of, or as a consequence of, the defective mailbox product. This warranty does not cover field expenses or the cost of any items other than the defective mailbox product. Consequential damages to property are excluded.

Customer Service: Customer should not contact their place of purchase. For customer service regarding warranty and assembly of products please call 1-800-647-7063 for immediate service.
